

REMARKS

The first paragraph of the specification has been amended herein to insert the serial number of one of the applications to which this application claims priority, the benefit of which was claimed in the application as filed. The serial number of the patent application was not known at the time that the present application was filed. The first paragraph was also amended to clarify the chain of priority of the present application.

Applicants request that the official filing receipt be corrected to include a statement of priority consistent with that as amended herein. Applicants note that the original official filing receipt failed to reference the claim of priority stated in lines 1 through 4 of the original first paragraph and asks this claim of priority be included in the new official filing receipt.

Dated this 28th day of November, 2003.

Respectfully submitted,

SARA D. JONES
